

Pedestrian Barrier

An affordable and practical solution to protect pedestrians

Benefits

- Lower repairs and maintenance cost compared to metal barriers
- Reduces vehicle impact damage and downtime
- Greater employee safety and driver protection

Description

Easy to install, these low maintenance polymer barriers, don't rust, corrode, fade or require re-painting, and only need replacing after frequent, major impact has occurred.

The flexible barrier design, absorbs the load of impact, away from a vehicle and ground fixings to reduce damage and repair time, unlike metal barriers.

Available in a range of striking, high visibility colours that are easily detectable, preventing damage and accidents before they happen.

Fully recyclable, non-toxic and suitable for use in food production and freezer environments.

Property	Specification
Height	1150mm (post)
Width	240mm (footplate)
Length	500mm upwards
Temperature Range	-40°C to 50°C
Colour Options	Colourfast Yellow & Grey Hi-Vis Yellow & Blue Safety Yellow & Grey
