

Floor Rail Bumper

Brandsafe® Impact Protection

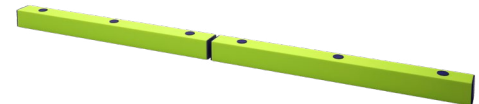

Features and Benefits

- Floor level barriers manufactured from ballistics grade materials
- Provides subtle protection at low levels
- Ideal for placing behind bays
- Available in a length of 1200mm
- High visibility colour clearly gives safe working boundaries for MHE drivers

Safety Yellow and Grey

Hi Vis Yellow and Blue

Grey

Material Specification

Barriers

Low maintenance High Density Polyethylene (HDPE) plastic barriers only need replacing when frequent, major impact has occurred.

Unlike metal barriers, there is minimal floor damage when impact occurs, saving maintenance costs long term.

Available in a range of striking, high visibility colours that are easily detectable, preventing accidents before they happen.

Fully recyclable and non-toxic. Suitable for use in food production facilities and freezer environments.

Property	Specification
Material	High density polyethylene (HDPE)
Height	100mm
Length	1200mm
Temperature range	Use in ambient, chilled and freezer environments
Colour options	Safety Yellow and Grey (Standard) H Vis Yellow and Blue Grey
