Armco Pedestrian Safety End

These **polymer pedestrian safety ends** are highly visible and will improve safety across your facility and for your personnel. They are simple and quick to install and have a retrofit compatibility with all steel Armco terminals. These safety ends provide smooth and pedestrian friendly termination to Armco rail runs.

Features and Benefits

- Designed to provide a safe termination to Armco.
- Ideal for covering sharp Armco cut ends.
- Provides greater protection and safety for all pedestrians on the premises.
- Protect any pedestrians against snagging or scrapes from sharp rail edges.
- Full retrofit compatibility with all steel Armco ends.
- Suits Armco 310 mm x 85 mm corrugated rails.
- Bolt fix secured with 2 No. M16 x 35 mm bolt-set (to suit pre-holed Armco rail).
- Includes 25 mm diamond grade reflectors.
- Available in Yellow or Black.

Material	Polyethylene (M/HDPE)
Polymer formula	Colour-fast/UV package
Height	338 mm to suit 310 mm x 85 mm Armco rail
Colour options	Yellow with silver diamond grade reflectors Black with yellow diamond grade reflectors
Fixings	2 no. M16 x 35 mm galvanised bolt set (Not included)
Safety reflectors	2 no. 25 mm diamond grade reflectors
Manufactured	UK
