

Beaverswood®

Half Circle Graphic Floor Markers

These large anti-slip **floor markers** can be used on any flat, sealed surface. Ideal for use in front of fire exit doors, to highlight fire extinguisher areas or to warn/highlight any important messaging. The slimline markers feature an aggressive, permanent adhesive suitable for busy industrial environments - offering quick and easy installation compared to traditional marking methods - whilst remaining extremely wear resistant.

Features and Benefits

- Half-circle 750mm wide x 375mm deep floor signs.
- Ultra-low design (0.45mm thick) helps prevent pallets from catching the edge.
- Super strong adhesive quality – suitable for use in busy workplace environments.
- Slip-resistance tested to R9 standard.
- Ideal to warn/highlight any important messaging in the workplace.
- A range of text and symbol designs to choose from - we can also supply bespoke designs, please enquire for more details.

Material	80 micron polymeric white PVC film, double-side PE coated
Dimensions	750 mm x 375 mm
Slip-resistance	Tested to R9 standard
Thickness (Including adhesive)	105µm ± 10% - Micrometer
Tensile strength	> 1.8kg/cm - ASTM 882
Elongation	> 100% - ASTM 882
Peel adhesion (24hrs)	> 1,500g/in - 180 peeling PSTC-1
Application temp	> 10°C - 18 to 25°C optimum, on clean substrate
Gloss : LD3911G	60 ↑ - @60, in machine direction
Gloss : LD3911M	20 ↓ - (ASTM D 2457)
Dimensional stability	Max 0.5 mm
Release liner thickness	0.14 mm ± 10%
