

Beaverswood®

Self-adhesive Floor Marker Numbers and Letters

Adhesive floor numbers and letters to identify aisle, bay, or other warehouse areas. Available in letters A-Z or numbers 0-20. These 190mm diameter floor markers feature a large black digit on a glossy orange background, making them highly visible. They are designed to cope with the daily stresses of a modern warehouse. The permanent self-adhesive backing provides easy installation on any dry, clean, flat, sealed surface.

Features and Benefits

- Highly visible floor numbers and letters markers.
- Designed to identify aisle, bay, or other warehouse floor areas.
- Each marker is 190mm in diameter.
- Available in A-Z and 0-20.
- Slip resistance tested to R10 standards.
- Strong adhesive backing – once applied, these markers stay down!
- Made from PVC which is lightweight yet hard-wearing, able to withstand plenty of footfall and machinery traffic.

Material	0.3mm PVC rigid film, plus DST
Dimensions	190 mm diameter
Slip-resistance	Tested to R10 standard
Adhesive	Solvent acrylic (0.082mm)
Double sided tape (DST)	0.095mm
Initial tack	12 cm
Peel adhesion	1.3 kg/25.4mm ²
Holding power	Over 1 hr/25.4mm ²
Resistance to water	10 months
Resistance to chemicals	8 months
Resistance to motor oil	Excellent
Temperature range	-30° C ~ +70° C
Slip assessment dry pendulum test	66 median low slip risk
